NEW: Weekend Educational & Annual Action Assembly

Saturday January 29 & Sunday January 30, 2022

All events are virtual via Zoom and offered at no cost

Saturday January 29, 2022

One-Day Educational

Our Derrell Dular Memorial School was created from an endowment made in memory of Derrell Dular who was a board member of the Ontario Health Coalition for more than twenty years until his passing on November 30, 2018. Derrell had a lifelong commitment to Canada's public services and public health care. His devotion to social justice and protection for everyone was unflinching and tireless. His extraordinary passion, dedication and endeavours to the cause has been memorialized with the establishment of the school, with the aim of providing people with the skills and tools needed to inspire their members and the public to action to protect and enhance our public health care system and social programs and to educate citizens about the significant health care and public issues.

This educational is set up as a train-the-trainer session. Participants can join and participate in the workshops and any who are able to do their own educational sessions will be able to take materials to help. All members and supporters are welcome.
